## BloodCode Reputation Recovery Pack

Price target: 49-149 EUR

### Goal

Recover public trust with calm responses, proof, process, and consistent follow-up.

### Review Response Formula

1. Acknowledge calmly.
2. Do not argue publicly.
3. Ask for details privately.
4. State the process.
5. Close with professionalism.

### Negative Review Template

Thank you for your feedback. We take this seriously and want to understand what happened. Please contact us directly with your details so we can review the case through our internal process and respond properly.

### Fake Review Procedure

- Screenshot the review.
- Save profile link.
- Check client records.
- Prepare evidence.
- Report through platform process.
- Publish a calm public response if needed.

### Trust Page Checklist

- clear offer,
- team or owner identity,
- process,
- guarantees or boundaries,
- reviews,

- cases,
- contact path,
- response time.

### **30-Day Recovery Rhythm**

- Week 1: clean public profile.
- Week 2: collect proof and reviews.
- Week 3: improve trust page.
- Week 4: review score and repeat.
